

## PRESLEY TENNANT

### Brief Bio

From the Rodeos to Rodeo Drive, Presley Tennant is the result of unequivocal talent and western ease. Dubbed a “vocal powerhouse” by Taste of Country, People Magazine states Presley is “quickly proving that she is a wild card in the country music industry.”

With roots in Norco and boots in Nashville, Tennant combines California charisma with country charm, blazing her own trail and designing a sound that is all her own. Not only has she perform for crowds over 20,000, she has shared the stage with musical heroes Tim McGraw, Carrie Underwood, Kelly Clarkson, Carly Pearce, Blake Shelton, Cole Swindell and more. With a heart as pure as her talent, Tennant donates her time to animal organizations through her Riffs & Rescues charity initiative, where she performs live and raises awareness and funds for these organizations.
